

ESCAPE PLAN

**THINK
ABOUT
FIRE
BEFORE
IT STARTS**

WHAT'S YOUR ESCAPE PLAN?

Every family should have
a home escape plan.

There is no time for
planning during an
emergency.

ESCAPE PLAN

BE SAFE.

Homes today burn up to 8x faster than 50 years ago.

Plan with household members today and make a step-by-step route for escaping a fire.

(((GET OUT, STAY OUT.)))

When a smoke alarm sounds, get out immediately and call 9-1-1 from outside using a cell phone or a neighbour's phone.

PROTECT YOUR FAMILY.

- Draw a floor-plan of your home.
- Mark two ways out of every room.
- Discuss escape routes with every member of your household.
- Decide who will be responsible for helping children, seniors, people with disabilities or those who require help.
- Establish a meeting area outside where everyone will gather when escaping a fire. It should be a safe distance away from your home.
- Have a fire drill. Practice your escape plan at least twice a year.
