**PROPOSAL RATING SCALE**

Name of Applicant:.....Name of Funding Recipient:.....

Proposal Title:.....Reviewer.....

**RANKINGS:**

M= Mandatory – Yes or No. All must be “yes” to continue with rating.

2 = Superior

1 = Moderate

0 = Did Not Meet

M	Criteria	Yes/No	Comments
M1	The project focus is on integrating currently existing (not new) provincial and federal health services that address duplication and/or gaps in services to prevent First Nations peoples from “falling through the cracks” in health service delivery in Ontario		
M2	Health service integration activities occur through partnerships with provincial health service delivery organizations, with commitment evidence provided		
M3	Activities involve broad engagement among First Nations, FNIHB Ontario Region and the Province (Projects led by one community must involve large numbers of First Nations communities and broad engagement of stakeholders, with commitment evidence provided)		
M4	Activities strengthen access to health services by First Nations peoples in Ontario		
M5	Activities strengthen participation of FN in design and delivery of the project		

TOTAL RATING FOR MANDATORY CRITERIA: /5M

If the applicant has received Yes on all eight items, proceed to next page.

	<b>Additional Rated Criteria</b>	<b>2=superior 1=moderate 0=not met</b>	
7	Multi-year (2012-13 to 2014-15) workplan builds logically and clearly shows activities, deliverables, outcomes, corresponding budgets, timelines		
8	Activities focus on Mental Health & Addictions? PDA? Public Health? Diabetes Prevention? Other evidence informed FN priorities?		
9	Activities differ from work currently funded under mental health, PDA, public health, data management, diabetes prevention, environment, etc.		
10	If the applicant is a previous AHTF recipient, the proposal indicates how this HSIF project is different and not a continuation of that work		
11	Proposal demonstrates that it builds on AHTF lessons learned		
12	The project has provided evidence of commitment from provincial and other partners		
13	The proposal describes a sustainability plan for post March 31, 2015		
14	The project describes a plan for a third party evaluation (3-5% of budget) based on a project logic model		
15	The proposal provides for the hiring of a dedicated HSIF project coordinator and has included a job description and has reflected this in the 3 year budget. Mentoring/capacity building of a FN is considered if a consultant is hired to lead the project.		
16	The project has indicated the required additional capacity to manage the project including infrastructure, space, financial administration,		
17	The three year budget aligns with the workplan activities		
18	The budget contains only eligible costs (personnel, supplies/services, travel/accommodation, equipment/office rental, communication, training/development, evaluation) and reflects administration costs of no more than 10% of the project budget		
19	The project demonstrates the leveraging of other funding sources and realignment of existing resources, to sustain the project		
20	Project has provided evidence of community support i.e. BCR or Letter of Support
